Comments:

. Venkatesam Y (Manager) :

Swapna has planned the GA program and executed the trainings as per the plan within two months period.

She has con-ordinated with all other trainers to conduct their trainings and guided all GAs to ensure they learnt the new skills properly.

Swapna assisted in preparing the questionnaire for GAs recruitment and also conducted training for laterals.

She started learning TFP framework to guide the new staff on TFP framework and customization.

She is supportive, however she needs to work with GTS team to leverage her training skills to train staff in other SDCs.
