Division

Overview

Task instructions

STEP 1: Employee to complete Self Review

STEP 2: Manager to complete Manager Review

STEP 3: Manager to discuss with employee on his/her performance for the FY

STEP 4: Manager to acknowledge and sign off on final rating of employee

STEP 5: Employee to acknowledge and sign off as per performance review discussion with manager

Goal Rating Details

Rating scale

Rating	Description
Does not meet Expectation of the Job	Does not meet any of the expectations / targets set
Below Expectations	Does not meet most expectations / targets set
Meets Some Expectations	Meets some / partial expectations / targets set. Shows progress and demonstrates effort towards meeting the desired results
Meets Overall Expectations	Meets the overall expectations / targets set
Meets Overall & Exceeds some Key Expectations	Meets overall expectations / targets set and does exceedingly well in a few key expectations / targets set
Exceeds Overall Expectations	Performance exceeds most of the expectations / targets set
Exceeds overall & Far Exceeds some Key Expectation	Performance exceeds most of the expectations / targets set and far exceeds key expectations
Far Exceeds All Expectations	Performance far exceeds the expectations / targets set

% of Employees with min 16 Hours of Corporate Training

'- Develop and roll out staff technical training and certification plan in collaboration with respective product and delivery groups.

- Conduct technical trainings for the staff based on the assessment done using DSCF
- Proactively communicate training events to staff and ensure attendance.
- Compile training evaluation & post training assessment to measure effectiveness of training.

Start date
01/01/2025

Target date
31/12/2025

Status
Approved

Comments:

. Swapna Reniguntla (Self) :

- Collaborated with product and delivery teams to prepare the annual technical training and certification plan.
- Conducted multiple technical training sessions aligned with DSCF-identified skill gaps.
- Proactively communicated all training events and coordinated participation to improve attendance.
- Tracked training completion and supported employees in meeting the 16-hour corporate training requirement.
- Compiled training feedback and post-training assessments to measure effectiveness and refine future sessions using ROI.
- Contributed to improving overall technical readiness and capability across teams.

. Venkatesam Y (Manager) : Swapna provided quite few technical trainings on the GTOS tech stack and other internal trainings, which helped to meet our staff's 16 hrs technical trainings

Adapt to changing needs and circumstances.

- Adapt to changing needs and circumstances.
- Adjust training content and delivery based on evolving requirements and future projects / products especially PSA opportunities
- Flexibility in adapting to various learning environments or tools.
- Expand internal training coverage on the technology stack utilized in PSA projects/products.

Start date
01/01/2025

Target date
31/12/2025

Status
Approved

Comments:

. Swapna Reniguntla (Self) :

- Proactively adapted to changing organizational needs and shifting priorities, ensuring training plans remained aligned with evolving business and delivery requirements.
- Continuously refined and upgraded training content and delivery methods to support new project demands and future PSA product opportunities.
- Demonstrated high flexibility by seamlessly switching between different training environments, platforms, and tools to maximize learner engagement and effectiveness.
- Significantly expanded internal training coverage across the PSA technology stack, enabling teams to stay prepared for upcoming implementations and strengthening overall technical readiness.
- Responded quickly to emerging skill gaps by introducing timely learning interventions and aligning sessions with current and future project needs.

. Venkatesam Y (Manager) :

Shown flexibility by seamlessly switching between different training environments, platforms, and tools to maximize learner engagement and effectiveness.

Deepen expertise in specific technical domains relevant to training

- Deepen expertise in specific technical domains relevant to training.
- Incorporate updated knowledge into training materials and sessions.
- Train and coach staff to achieve certification in Kanban Practitioner & Mendix and other certifications

Start date
01/01/2025

Target date
31/12/2025

Status
Approved

Comments:

. Swapna Reniguntla (Self) :

- Deepened expertise in key technical domains critical for PSA initiatives, enabling me to deliver **more advanced**,

scenario-based training content that better supports real project needs.

- Upgraded training materials on a regular basis by integrating **updated product features, technology enhancements, and practical use cases**, resulting in **improved engagement and stronger learner feedback**.
- Ensured all training content reflected the latest organizational technology roadmap, contributing to **higher skill readiness and reduced onboarding time** for teams preparing for PSA projects.
- Used assessment results and participant feedback to identify technical gaps and refine materials, leading to **consistent improvement in post-training assessment scores and participant competency levels**.
- Deepened expertise in PSA specific technical domains relevant to the training needs of the organization.
- Continuously incorporated updated knowledge, new technologies, and best practices into training content and delivery to achieve their technical goals for project.
- Trained and coached staff to prepare for and successfully achieve to understand **the flow of PSA GTOS space application**
- Supported employees with guidance, study materials, and follow-up sessions to improve certification readiness.
- Completed the **training for PL-900** and will achieve the certification before end of 2025 December 31st.
- Exploring the ranorex tool and trying to achieve the certification before end of 2025 December 31st.
- Deepened expertise in PSA specific technical domains relevant to the training needs of the organization.
- Continuously incorporated updated knowledge, new technologies, and best practices into training content and delivery to achieve their technical goals for project.
- Trained and coached staff to prepare for and successfully achieve to understand **the flow of PSA GTOS space application**
- Supported employees with guidance, study materials, and follow-up sessions to improve certification readiness.
- Completed the **training for PL-900** and will achieve the certification before end of 2025 December 31st.
- Exploring the ranorex tool and trying to achieve the certification before end of 2025 December 31st.

Foster effective communication and collaboration.

'- Foster effective communication and collaboration.

- Collaborate with stakeholders and subject matter experts.
- Communicate training objectives and expectations clearly to participants.
- Provide timely feedback and support to trainees

Overall Comments

Comments:

. Swapna Reniguntla (Self) :

- Prioritized enhancing technical capabilities across diverse teams by delivering structured and targeted training programs.
- Emphasized continuous skill development by regularly updating training materials to reflect current technologies and industry best practices.
- Strengthened domain expertise through ongoing learning and integration of PSA-specific knowledge into training sessions.
- Actively competed in the Learning Festival, earning all badges and securing **1st place**, demonstrating commitment to continuous skill development and mastery of key technical domains.
- Participated in hackathons to deepen hands-on expertise and stayed current with emerging technologies; secured **4th place** in a competitive hackathon, applying innovative solutions that enhanced my training approach.
- Collaborated effectively with cross-functional teams during the hackathon, achieving **4th place** and strengthening skills in teamwork and technical problem-solving, which enhanced my ability to facilitate collaborative training sessions
- Leveraged practical insights and innovative problem-solving skills gained from securing **4th place in a hackathon** to enrich training content and improve learner engagement.
- Fostered strong collaboration with key stakeholders, including product owners, subject matter experts, and delivery

teams, to tailor training programs effectively.

- Aligned all training initiatives with overarching organizational goals and the evolving requirements of **PSA projects and products**.
- Ensured training content was relevant to staff competency gaps and addressed future skill demands for upcoming projects.
- Monitored and measured training effectiveness through participant feedback, assessments, and completion rates.
- Achieved significant improvements in learner participation and engagement by promoting a culture of continuous learning.
- Enhanced staff readiness for **PSA project engagements by equipping them with up-to-date skills and certifications**.
- Supported overall organizational capability building by systematically closing skill gaps and preparing teams for future challenges.
- Maintained proactive communication channels to ensure clarity of training objectives and expected outcomes among participants.
- Utilized data-driven insights to refine training programs and maximize impact on individual and team performance.

. **Venkatesam Y (Manager) :**

- Swapna provided required technical trainings for all the staff based on the skill-gap analysis done.
- She learnt Mendix and have completed the basic certification
- She is very supportive and shows interest to learn any new skills which are required for our future projects
- Participated in CL's hackathons to expand hands-on expertise and remain up to date with emerging technologies, earning **4th place** for delivering innovative, practical solutions.
- She assisted in coaching the interns and assisting HR for taking interviews
- She upskilled all eLit resources in Java, which facilitated their redeployment to various Java project
- She should be more disciplined in submitting her timesheets on time and applying leaves promptly
