

Goal Details Report:

% of Employees with min 16 Hours of Corporate Training			
Objective Owner:	Swapna Reniguntla, .		
	'- Develop and roll out staff technical training and certification plan in collaboration with respective product and delivery groups.		
WHAT is the target about	- Conduct technical trainings for the staff based on the assessment done using DSCF		
	- Proactively communicate training events to staff and ensure attendance.		
	- Compile training evaluation & post training assessment to measure effectiveness of training.		
Status:	Approved	Start date:	01/01/2025
KRA:	People	Target date:	31/12/2025
KRA Sub-category:	People: % of Employees with min 16 Hours of Corporate Training;		
HOW the Target can be achieved:	Identify skill gaps using DSCF and stakeholder inputs. Create annual/quarterly training for all technical roles. Align plan with product and delivery groups. Organize and conduct technical trainings as per skill gap analysis. Coordinate internal/external trainers and training resources. Ensure hands-on learning and role-based training delivery. Roll out the plan and ensure stakeholder buy-in. Proactively communicate training schedules, events, and registration details. Track nominations and ensure participation through follow-ups. Collaborate with managers to increase staff attendance. Run post-training evaluations and assessments for all sessions. Consolidate results for measuring knowledge improvement. Share monthly reports with management on training effectiveness.		
	Start date:	01/01/2025	Target date:

Adapt to changing needs and circumstances.			
Objective Owner:	Swapna Reniguntla, .		
	'- Adapt to changing needs and circumstances.		
WHAT is the target about	- Adjust training content and delivery based on evolving requirements and future projects / products especially PSA opportunities		
	- Flexibility in adapting to various learning environments or tools.		
	- Expand internal training coverage on the technology stack utilized in PSA projects/products.		
Status:	Approved	Start date:	01/01/2025
KRA:	Financial	Target date:	31/12/2025
KRA Sub-category:	Financial: Group Operating Profit;Financials: Group Revenue;Financial: Days of Sales Outstanding (DSO);		
HOW the Target can be achieved:	Demonstrate flexibility in responding to organizational changes, project priorities, and evolving skill requirements. Quickly adjust training plans, schedules, and approaches based on business demands. Continuously refine and update training content to align with future project/product needs, including PSA opportunities. Integrate new tools, frameworks, and methodologies into training modules proactively. Adapt training delivery across multiple formats (virtual, hybrid, classroom, self-paced). Utilize varied training tools (LMS, Teams, Mural) based on learner preferences and project context. Broaden internal training programs covering the technologies, frameworks, and tools used in PSA projects/products. Identify SMEs, prepare tailored modules, and deliver targeted upskilling.		

Adapt to changing needs and circumstances.			
Start date:	01/01/2025	Target date:	31/12/2025

Deepen expertise in specific technical domains relevant to training			
Objective Owner:	Swapna Reniguntla, .		
WHAT is the target about	- Deepen expertise in specific technical domains relevant to training.		
	- Incorporate updated knowledge into training materials and sessions.		
	- Train and coach staff to achieve certification in Kanban Practitioner & Mendix and other certifications		
Status:	Approved	Start date:	01/01/2025
KRA:	People	Target date:	31/12/2025
KRA Sub-category:	People: Technical Resource Readiness;		
HOW the Target can be achieved:	Continuously strengthen personal expertise in technologies relevant to organization needs and training demand. Stay updated with emerging tools, frameworks, and best practices in targeted domains (e.g., PSA stack, Kanban, Mendix, cloud, DevOps, etc.). Regularly refresh and enhance training materials to reflect the latest industry standards, project requirements, and product updates. Ensure training modules remain current, relevant, and aligned with business expectations. Prepare and coach employees to achieve relevant certifications, focusing on Kanban Practitioner, Mendix, and other organizational priority certifications. Conduct certification prep sessions, mock exams, and mentoring.		
	Start date:	01/01/2025	Target date: 31/12/2025

Foster effective communication and collaboration.			
Objective Owner:	Swapna Reniguntla, .		
	'- Foster effective communication and collaboration.		
WHAT is the target about	- Collaborate with stakeholders and subject matter experts.		
	- Communicate training objectives and expectations clearly to participants.		
	- Provide timely feedback and support to trainees		
Status:	Approved	Start date:	01/01/2025
KRA:	Process	Target date:	31/12/2025
KRA Sub-category:	Process: % of Key Development Projects on Schedule;		
HOW the Target can be achieved:	Build strong communication channels with teams, managers, trainers, and participants to ensure smooth training operations. Promote a collaborative environment across product, delivery, and training groups. Work closely with product owners, delivery managers, and subject matter experts to align training content with project needs. Involve SMEs in content review, co-training, and validation of technical accuracy. Ensure participants clearly understand training purpose, learning outcomes, session flow, and post-training expectations. Set clear expectations about assessment, attendance, and certification requirements. Offer constructive feedback on assignments, assessments, and lab work. Provide guidance, clarification sessions, and post-training support to help learners progress. Track individual progress and intervene when necessary.		
	Start date:	01/01/2025	Target date: 31/12/2025

Meet targets for all the technical trainings

Meet targets for all the technical trainings			
Objective Owner:	Swapna Reniguntla, .		
	-Ensure avg feedback of 3.75 or above for all your trainings '-Ensure you will spend >90% of your efforts for taking trainings		
WHAT is the target about	-Learn TFP and trade domain, assist new team members on TFP setup, configurations and domain - Learn all technical skills required for the PSA products / projects and take the trainings on these technologies to keep the staff ready on these skills		
Status:	Approved	Start date:	01/01/2025
KRA:	Process	Target date:	31/12/2025
KRA Sub-category:	Process: Billable Utilization;Process: Implementation Quality (Defect Removal Efficiency);Process: SLA Targets for Key Maintenance Projects;		
HOW the Target can be achieved:	Ensure consistently high-quality training delivery that meets learner expectations and organizational standards. Dedicate the majority of work efforts to conducting and managing training activities to support organizational upskilling initiatives. Build strong knowledge in TFP (Trade Finance Platform) and trade domain concepts. Assist new team members with TFP setup, configuration, and domain understanding. Learn and master technical stack components used in PSA projects/products. Deliver training sessions on these technologies to ensure teams are well-prepared for PSA requirements.		
	Start date:	01/01/2025	Target date: 31/12/2025

More staff to be trained on Tech stack being used in PSA projects / products			
Objective Owner:	Swapna Reniguntla, .		
	- More staff to be trained on Tech stack being used in PSA projects / products -Assess trainee progress and enhance learning outcomes. - Administer pre- and post-training assessments.Analyze assessment data to identify areas for improvement. To assess online trainings by Nov 25 - Provide personalized guidance to address individual learning gaps and ensure closure of the action items.		
WHAT is the target about	'- Evaluate the impact of training programs.		
	- Establish metrics to measure training effectiveness.		
	- Analyze feedback and assessment results to gauge impact.		
	- Use data-driven insights to improve future training programs.		
	- To work with HR for the July training calendar		
Status:	Approved	Start date:	01/01/2025
KRA:	Portfolio	Target date:	31/12/2025
KRA Sub-category:	Portfolio: Increase in PSA Full Time Equivalent (FTE) Resource Consumption for Domain 1;Portfolio: Achieve Product Roadmap for all Products;Portfolio: Trade Business: Customer Acquisition Score;Portfolio: Trade Government: Number of New Wins above \$1M including 2 new wins for TFP Foundation;		

More staff to be trained on Tech stack being used in PSA projects / products	
HOW the Target can be achieved:	Ensure more staff are trained on the technology stack used in PSA projects and products. Expand the internal capability pool to support PSA opportunities. Continuously monitor learner performance and ensure training outcomes are achieved. Use multiple evaluation methods to track progress and identify weaknesses. Conduct structured pre-training and post-training assessments. Analyze assessment data to identify improvement areas and refine future training content. Ensure completion of online training assessments by Nov 25. Offer targeted individual support based on assessment scores and learning gaps. Ensure action items given to participants are completed and tracked. Start date: 01/01/2025 Target date: 31/12/2025

Productivity	
Objective Owner:	Swapna Reniguntla, .
WHAT is the target about	• '-Ensure you will spend >90% of your efforts for taking trainings • -Learn TFP and trade domain, assist new team members on TFP setup, configurations and domain • - Learn all technical skills required for the PSA products / projects and take the trainings on these technologies to keep the staff ready on these skills
Status:	Approved
KRA:	People
KRA Sub-category:	People: Technical Resource Readiness;
HOW the Target can be achieved:	Dedicate the majority of work efforts to delivering, preparing, evaluating, and supporting training activities. Ensure smooth execution of all training programs aligned to organizational needs. Develop strong functional and technical knowledge in TFP (Trade Finance Platform) and the trade domain. Provide onboarding support, configuration assistance, and domain guidance to new team members. Learn the full technical stack used in PSA products and projects. Conduct internal trainings on these technologies to build required skill readiness within teams. Start date: 01/01/2025 Target date: 31/12/2025

Technical Competency assessment	
Objective Owner:	Swapna Reniguntla, .
WHAT is the target about	'- Maintain and expand technical knowledge. - Stay updated with the latest industry trends and technologies. - Deepen expertise in specific technical domains relevant to training. - Incorporate updated knowledge into training materials and sessions.
Status:	Approved
KRA:	People
KRA Sub-category:	People: Regrettable Attrition;
HOW the Target can be achieved:	Continuously strengthen technical skills across relevant domains to support effective training delivery and organizational capability building. Keep track of emerging technologies, frameworks, and industry best practices to ensure training remains modern and future-ready. Build deeper specialization in the core technologies required for PSA, TFP, Mendix, Kanban, and other organizational priority areas. Regularly revise training materials to reflect updated knowledge, industry changes, and product/project requirements. Ensure content remains accurate, relevant, and aligned with evolving business needs.
