7 Fish! Booster Workshop 4 - Onsite
Seminar Room (Singapore)

Request

2. Click **Request** to sign up for the session after reviewing the details especially the schedule.

2a. If the session has reached the maximum sign-ups, click **Add to waiting list** to be waitlisted.

 **Note:**
Requesting for a session or to be waitlisted does not guarantee successful registration (e.g., if approvals are required). You should get email notifications on the status and next steps. Please check with the training organisers should you need more information.

Request / Register for Training

Look out for the email notifications from LMS*, especially the Registration Confirmation calendar invite.

Register for Training via the Cornerstone Galaxy App

1. Browse listed training courses on the app's main page, or click  to look for courses using keywords.

2. Review the details of the available sessions. Click the  next to your preferred session then click  Request to sign up.

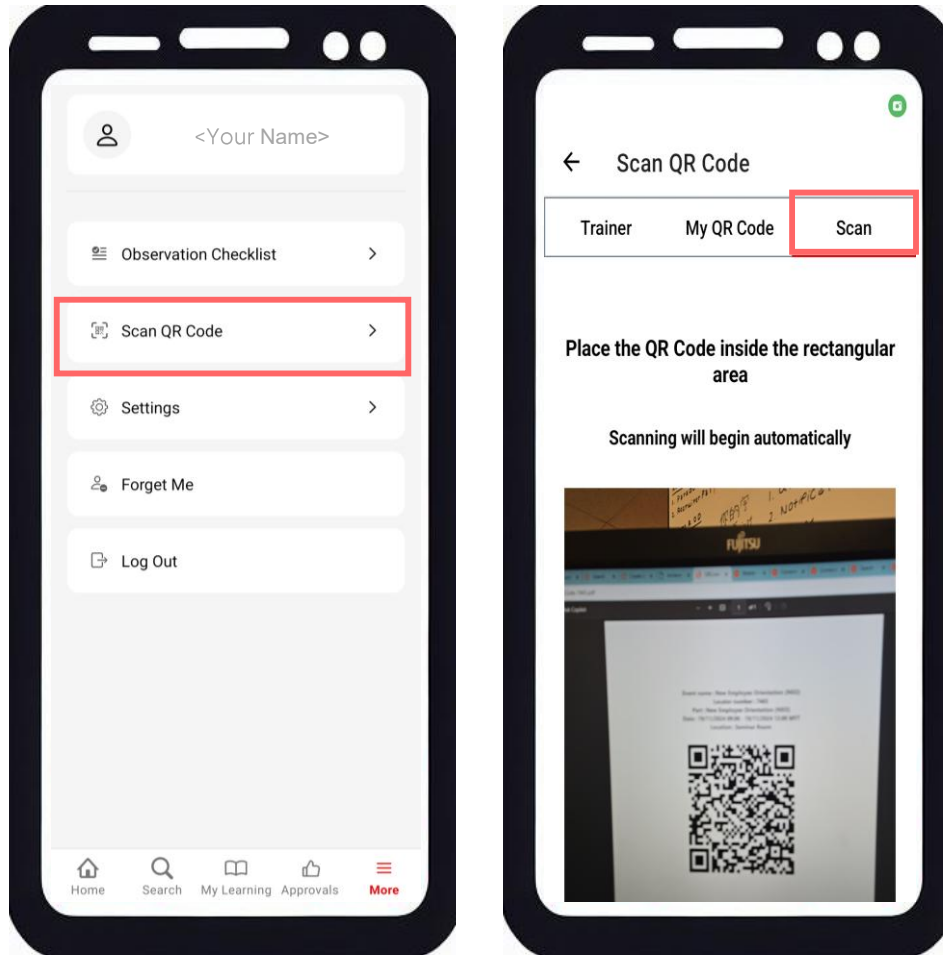

2a. If the session has reached the maximum sign-ups, click  Add to waiting list to be waitlisted.

Training Attendance Confirmation: Scan QR Code

To record your attendance for the training, use your Cornerstone Galaxy app to scan the QR code that will be flashed by your facilitator.

Go to  > Scan QR Code > Scan

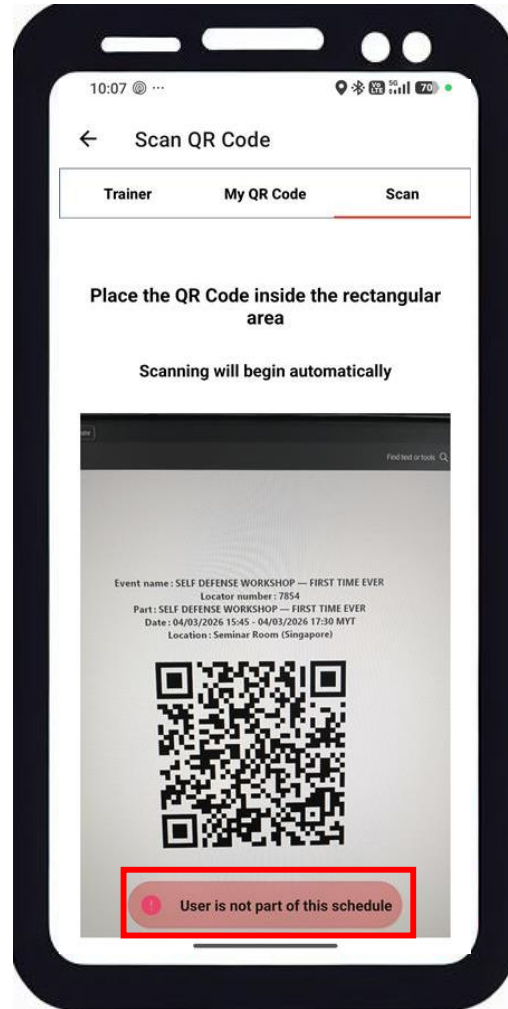

- ✓ The QR code will only work if you were registered for the session
- ✓ The QR code is only valid for a specific period, so make sure that you scan it when the facilitator asks you to
- ✓ Please inform your facilitator if you encountered issues with the QR code

Frequently Asked Questions (FAQ)

Reference Page

1. Employee has not set up Cornerstone Galaxy App before the session
 - Please refer back to Page 3 onwards to set up and register for the session. All sessions have been set up to allow for last minute registration and attendance.
2. Issues with the QR Code
 - a) "User is not part of this schedule"
 - b) QR Code is Not Valid
 - c) Generic Error
3. Employee has forgotten Login PIN

Issues with QR Code – “User is not part of this schedule”

✓ Issue

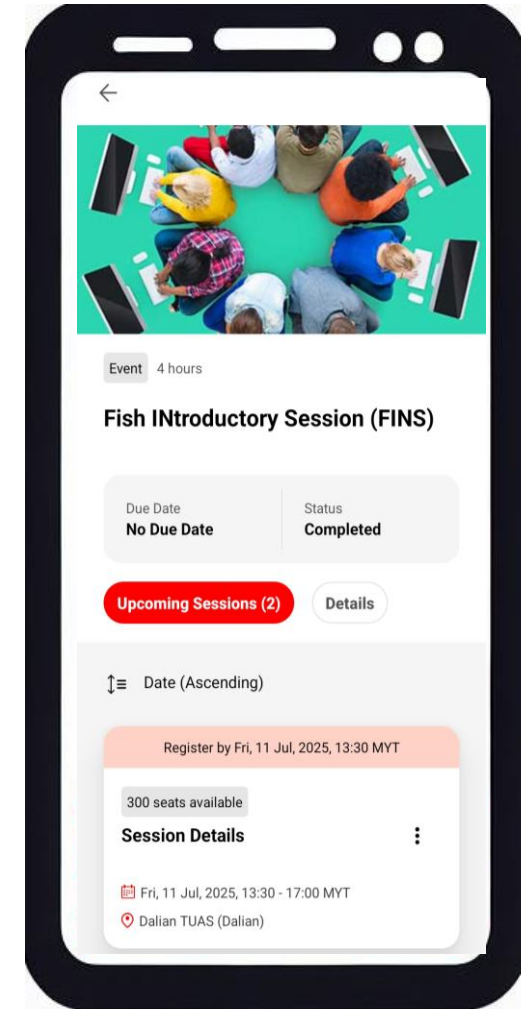

The QR code will only work if you were registered for the session

If this error appears, it means that you have not yet registered for the session

✓ Solution

Find the event in your Cornerstone Galaxy App calendar or refer to the LMS calendar and proceed to register for the session.*

For additional details refer to [Page 8](#)

Issues with QR Code – QR Code Validity

✓ Issue

The Attendance QR Code has a limited validity period. If this error appears, it means that you may have been too late to scan.

✓ Solution

T&OD acknowledges that this is still a new procedure for many staff. As such, the team will allow a **one-time exception** to manually update attendance records.

However, if the employee fails to scan again for future sessions, the team will not entertain further requests.

To request for a manual update, reach out to Fadhli at ahmadfadhlibz-v@crimsonlogic.com

Issues with QR Code – Generic Error

✓ Issue

The system may display an error when a high number of users attempt to scan simultaneously.

✓ Solution

If this occurs, please force close the Cornerstone Galaxy application and reopen it to resume normal operation.

Employee has forgotten Login PIN

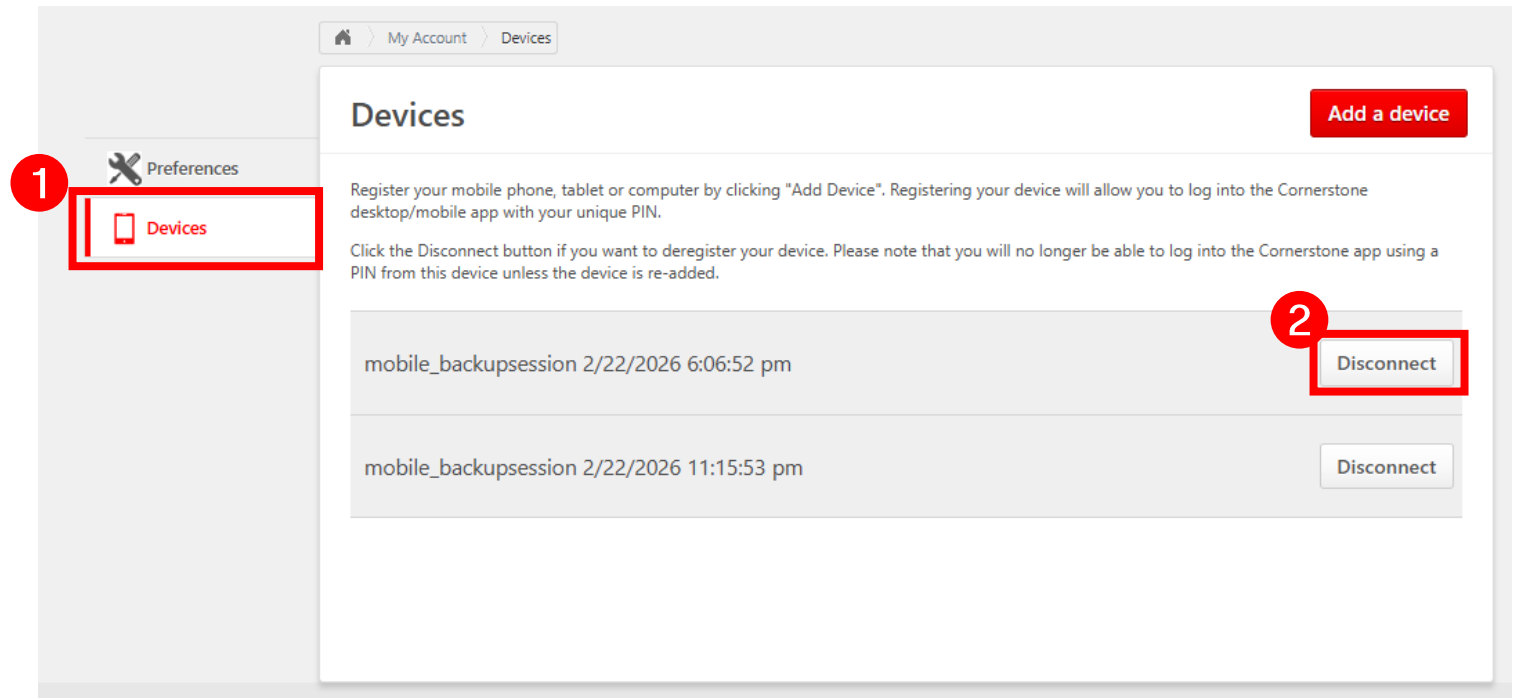

✓ Issue

Employees may forget their PIN and therefore be unable to access their Cornerstone Galaxy app.

✓ Solution

Unfortunately, the app does not provide a "Forgot Password" feature. The employee will need to select "**Disconnect**" under "**Devices**" in their LMS profile and restart the setup process from the beginning.

CrimsonLogic LMS > My Account > Devices

Information for Training Organisers

Training Session Support Request

For events to be eligible for training hours, you will need to submit a request to the Talent & OD team to create an LMS Session.

Please compile all of the information below and send to Ahmad Fadhli at ahmadfadhlibz-v@crimsonlogic.com.

Information required	Example
Event Title	Global Webinar: International Women's Day
Event Description	Let's uncover the hidden narratives shaping our beliefs and behaviours and learn practical tools to rewrite limiting beliefs and build enabling stories that align with our true potential.
Date	4/3/2026
Time & Duration	10:30AM – 11:30AM (SGT)* Please specify time zone, especially for Global Events
Target Audience	All CrimsonLogic Staff Please specify if targeted towards specific subset of people.
Mode of Delivery	Physical / Online / Hybrid
Location	Seminar Room / Fish Tank / Virtual (Teams)
Meeting Link (if virtual or hybrid)	https://teams.microsoft.com/meet/49769360520890?p=HB4XmgWfBe8XmqyL50

[Template] Event Attendance

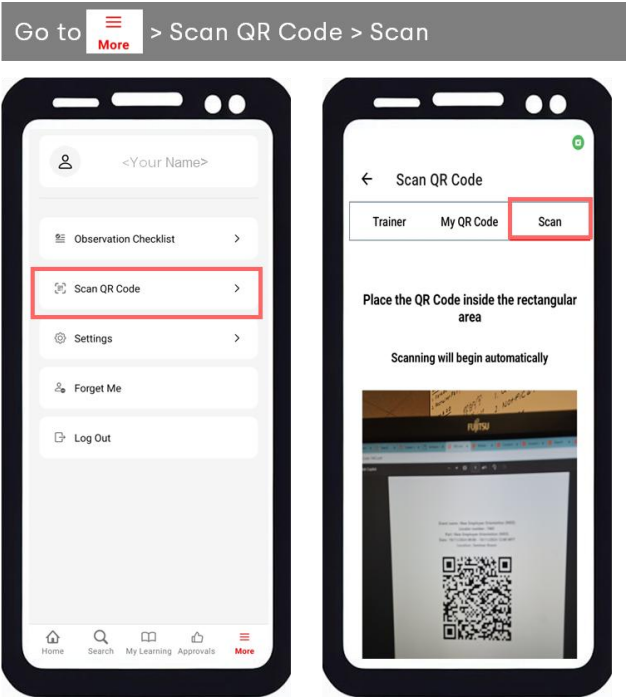

Event name	GLOBAL WEBINAR: The Stories We Tell Ourselves and How They Shape Us?
Date	05/03/2026
Time	10:30AM – 11:30AM (SGT)
Location	Virtual (Microsoft Teams)

Instructions

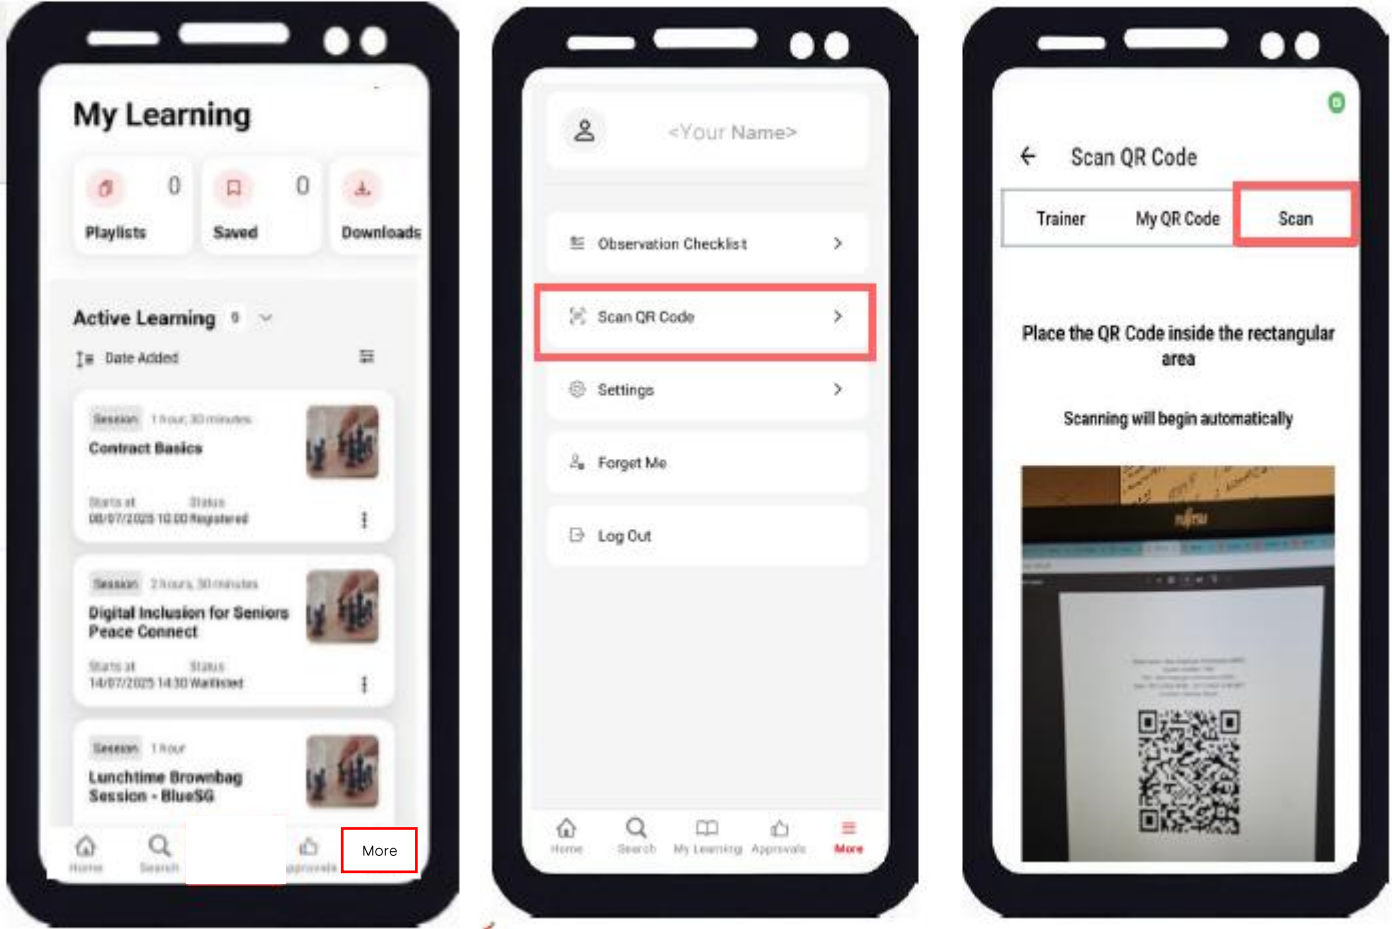

1. Log into the Cornerstone Galaxy App on your phone.
2. Tap on "More" on the bottom right of your screen.
3. Tap on "Scan QR Code"
4. Choose "Scan" on the top right
5. Scan the QR Code.

If you face any issues, refer to the [Cornerstone Galaxy App – First Time Set up Guide](#)'s FAQ page to self-troubleshoot.

Otherwise, reach out to the Fadhli from the T&OD team.
